

The Challenge?

The Local Enterprise Office Carlow challenge you to draw, design and name your invention for the future as part of this year's Student Concept Competition and share in a prize fund of over €2,500. This is your chance to dream up your single most exciting, revolutionary and breathtaking product. The question is how creative can you be?

Closing date: 14th November 2016

The Student Concept Competition is hosted by Carlow County Council's - Local Enterprise Office Carlow in association with AIB, Carlow Regional Youth Services, Fairgreen Shopping Centre, IT Carlow, Thermoair and VISUAL and is open to any students from 4th Class in Primary Level School to 6th Year in Second Level School. As part of this challenge students can draw, design and name their invention for the future as part of this year's Student Concept Competition and share in a prize fund of over €2,500.

The Steps to enter are as follows:

Open your mind

Download an entry form or collect from your teacher

**Draw your entry
Remember to give it a name and tell us who would buy it**

Submit your design to the Local Enterprise Office through your teacher by the closing date of 14th November 2016

Our Themes

Retail of the Future

Shopping is important to all of us in everyday life. Your invention could help a shopper or it could be a new form of shopping... Try to be as innovative as possible

Gadget of the Future

We all use gadgets in everyday life ... Your invention should solve a simple problem by coming up with something unique

AIR Heat Recovery / Regeneration

Air is an essential resource of the planet and many inventions have been created using air in new and better ways. Your invention should encourage more effective use of waste warm air or the use of air for other means
