# Minister O'Brien announces €10 million funding for ICE2EV scheme, accelerating the switch to electric vehicles

The ICE2EV Scheme will launch on 1st July 2026 and be administered by the Sustainable Energy Authority of Ireland (SEAI). It is a targeted measure to reduce emissions, by removing ICE vehicles aged over 13 years from Ireland's private car fleet and replacing them with new battery EVs.

**Is your business eligible for a €2,000 voucher towards the cost of a high quality energy audit?**

SEAI Support Scheme for Energy Audits (SSEA) will offer SMEs a €2,000 voucher towards the cost of a high quality energy audit.

Small and medium enterprises (SMEs) spending over €10,000 on energy per annum (including VAT).
