ONLINE TRADING VOUCHERS

With the trend ever increasing towards online spending it is estimated that only 23% of small Irish businesses are engaged in any meaningful way in eCommerce sales. For businesses employing less than ten people this percentage could be even lower. It is now believed that of online purchases made in Ireland that 70% of these are done in overseas markets.

There is now an urgency to ensure that businesses recognise that this is happening and that they are encouraged and supported to correctly respond to this digital reality.

In order to support this goal, the National Digital Strategy aims to get a further 2,000 businesses trading online by the end of 2015. To this end, the Department of Communications, Energy & Natural Resources (DCENR) has launched an Online Trading Voucher Programme and has teamed up with the Local Enterprise Offices to deliver this to Irish business. Following a successful first pilot phase in Dublin City, a wider pilot will now take place and businesses from the following Counties will be invited to apply:

CORK/DUBLIN/KERRY/LOUTH/SLIGO/WATERFORD

Information seminars will be available in each of the pilot areas over the next few weeks and it will be a condition of applying for the vouchers that applicants attend one of these seminars. At each seminar attendees will be informed of the purpose of the scheme and how best to use and get value from the application of the voucher.
